

Biohazard Tapes & Labels

High visibility for ultimate safety!

Use to mark trash cans, sinks, sharps containers, and other biohazard locations quickly and easily. These brilliant black on fluorescent red labels are coated with a permanent adhesive. The tapes are strong enough to close, seal, bundle, or strap and are bright enough to grab attention at the same time. Use to seal or mark boxes, packages, or containers that contain hazardous materials. Labels are available in rolls and sheets in assorted quantities. Each roll of Biohazard Tape is 2" wide by 55 yards long on a 3" diameter core. The tape is printed in black ink on tough, fluorescent red PVC tape.

Secure Lock Labels

Security at your fingertips!

Finally, an inexpensive label to increase security! These labels provide the ultimate protection for staff, inventory, and sensitive materials. These labels are tamper evident, which means if tampering has occurred, they break apart like magic! They cannot be removed in one piece. Use on product boxes, bottles, shipping containers, envelopes, and anything else you need to be assured of security. Also excellent for evidence and police work. The words "TAMPER RESISTANT" are printed in eye-catching red ink on a clear label for instant recognition.
